

Gordon Conwell Theological College New Chapel, and Academic Center

Hamilton, MA

Key Project Information

Type:	Planning/New Construction
Project Size:	140,000 SF
Market Segment:	College/University

During a twelve year period, DRA planned and designed several facilities on campus. These include a new 10,000 SF Chapel, a new \$5.3 M Academic Center with classrooms, offices, auditorium, a media center and an outdoor courtyard, and two phases of renovations to Kerr Hall which includes offices, dining facilities, a bookshop and printing area.

In addition, DRA completed several planning studies: a study of immediate and future needs, a study to provide new residential housing, and a study to identify existing inner-city structures for graduate and post-graduate facility use.
